Relaxation from Work Will Make the Man Live Longer. There are men, and plenty of theen, who start

out of bed, and keep it up with scarcely an inthe morning and the continuation of mental labor and worry into the small hours of the next morning, until sheer inability to go on compelrejuctant halt for sleep, are evil modern phe nomena that occur too often. And the hurried midday lunch is not worse for the digestion than is for the mind, which is thus cheated of its ne pause for rest. This is certainly not the way to get most work on longest at it have been men, like Gladstone. who knew the full value of absolutely banishing In the height of political excitement Mr. Gladstone could always contrive to shut out politics and official business for an bour or two while he read Greek or a novel One man may seek his relaxation with a tennis racket or a bleycle, another with a book nother in talk (not about business); but comdete relaxation in some form every man should have every day. And eatire and absolute holiday, long enough to count, is no less indispensawith the individual; to one it is rest to climb Aips or cycle fifty miles a day, to another to lie under a tree or on the beach. But in some form

BETTER CONDITIONS AND LACK OF SUPPORT CAUSE DECLINES.

in Wheat-Provisions Steady, Closing at Mixed Changes.

CHICAGO, Aug. 16 .- Grain prices, which had sharply advanced during the week on renewed manipulation, met with setbacks to-day when the leading bulls showed no signs of giving support to their favorite options. Fine weather, heavy receipts, disappointing wheat cables and a clean field there was almost no, recovery on short covering. At the close September wheat %c off. Provisions closed 21/2c up to 71/2c

Wheat ruled weak at the start. The Eng-

lish cables were easier in the face of the advance here yesterday, rains predicted for pea or navy, \$1.35@2.10; prime red kidney, bu, the spring country were almost nothing and better weather was at hand. The big bull houses that had been manipulating in the No. 2 red, 64½c. Corn—September, 41½c; December, 33½c; cash No. 2 mixed, 49@49½c; No. 2 white, 55@55½c. Oats—No. 2 white, 32c bid. Re-September-December spread showed no hand, and as a result all the shorts who covered yesterday put out their lines again, predicting that a severe drop would occur. With these conditions favoring the bears, there was a heavy commission house selling business. Both September and Decemcommon washboards, \$1.55@1.90; clothespins, 60 ber broke, largely on stop-loss orders. The only bullish news at hand was that of decreasing contract stock Northwest and the very poor grading of wheat. September opened 1/c to 1/c lower at 70%c to 70%c, and slumped to 691/2c, closing weak and 3/40 le down at 69%c. The late rally was on small covering. December was weak closing ic off at 66% 266% c. Local receipts were 306 cars, one of contract grade; Minneapolis and Duluth reported 205 cars, a total of 511, against 362 last week and 480 a year ago. Primary receipts were 1,065,000 bu, compared with 877,000 last year. Seaboard clearances

Corn had a firm start on steady cables was almost no support until late in the day, and on the wheat break corn also declined. Crop reports continued to come in favorable and the weather was very good for growth. After the dip there was some buying at bottom prices by bull houses, with a fractional rally. The best buying was in December. September sold from 51%c to 50%c, and closed weak and 1/2c down Oats were poorly supported and scattered selling broke prices. Receipts were liberal at 233 cars, although the weather continued to work against grading. Trade was not large and the weakness in the California Fruits-Clyman plums, \$1.10; Trag- other grains worked against oats. This market made very little advance late. September sold from 32%@32%c to 31%c, and closed weak and %c lower at 31%c. Provisions were dull and held fairly steady. There was some strength early on a firm hog market and some packing house

by commission houses, and prices eased off somewhat. September pork closed 71/20 lower at \$15.921/2, lard 5c off at \$10.20 and ribs 21/2c higher at \$9.621/2. Estimated receipts for Monday: Wheat, 345 cars; corn. 40 cars; oats, 235 cars; hogs, 23,000 head; hogs for the week, 130,000. Leading futures ranged as follows: Articles Open. High, Your Clas

receipts of hogs this week have been more liberal, the total showing an increase of nearly 6,000 over last week, but a decrease of over 11,000 compared with the same week a year ago and an increase of 4,000 over the corresponding week two years ago. Thus far this year the receipts are over 152,000 smaller than the same period last year. For the week ending yesterday the leading local packers bought a total of 16,782 against 10,741 the preceding week and 22,616 the same week a year ago. Shipments-Cattle, 3,153 further change in prices compared with the | hogs, 4.782; sheep, 1.760. opening. In other words, it may be said that at the decline in prices there has been a satisfactory market this week. The | beef steady; city dressed native sides, 84c per break began on Tuesday and in four days the average had been reduced to between 50c and 60c per 100 pounds, but at the extreme close of the week there was a slight reaction which left values on a basis of about 50c per 100 pounds lower than the average at the close of last week. The decline in a little over two weeks or since July 31 has been almost \$1 per 100 pounds. The top price at the high time this week which she handled with the most exaggerated was \$7.45, and at the low time \$6:921/2. The receipts to-day were just fair, being a little larger than a week ago, but over 1,000 | smaller than a year ago. Practically all grades were represented and the quality was equal to the average recently. Follow-The professor, much interested, looked at the ing a shade better feeling in the market at the extreme close yesterday and no unfavorable reports from other places this morning the market opened with very fair competition between buyers and salesmen were asking an advance in prices. It did not take long to establish a basis for operations and almost from the start with packers liberal buyers and a fair demand from other sources the offerings were changing hands promptly and sales indicate that prices were strong to 74c higher than yesterday and it seemed to be the general opinion that the average could be considered 5c higher. A good clearance was made early and the market closed steady. Ordinary grassers to best heavy nogs sold from \$6.35@7, and a very large proportion of the supply sold above \$6.771/2.

Sheep-Receipts, 100; shipments small. The receipts of sheep and lambs this week have been about up to expectations, the total showing an increase of 400 over last week, but a decrease of about 900 compared with the same week a year ago and 100 compared with the corresponding week two years ago. The receipts thus far this year are only a little over 1,000 larger than the same period last year. The daily supplies have been just about large enough to meet behind him was a coarse looking man with the requirements of the trade, and the average in prices has been steady to strong a rough shock of hair the color of brick compared with last week. for yearlings and \$4 for sheep, but there were not many strictly old sheep sold above \$3.50. The receipts to-day, although small, were a little larger than the average at this time in the week. There were not many top kinds represented, and the quality therefore was hardly as satisfactory as it has been heretofore this week. There were not quite as many buyers in the field as usual, but the demand was equal to the supply and an early clearance was made at quotably steady prices compared with yesterday. There were no lambs here good enough to bring over \$5.26, and other though some prices were considerably sales ranged from \$4.50 to \$5. Stockers to good sheep sold from \$2 to \$3.50. Quota-
